In a rainbow cheer now sing with me

COCK-A-DOODLE-DOO DOO DOO

Where the grass is green and the sky is blue
There's lots of land and a farm house too
The farmer says, there's lots to do, Yeehar!
The rooster says Cock-a-doodle-doo!

The sheep says baa, baa, baa

The duck says quack, quack, quack

The cow says Moo ooo

The rooster says Cock-a-doodle-doo!

Cock a doodle doo, Cock a doodle doo,

Cock a doodle doo doo doo

Down on the farm, with the sheep & cows
Round 'em up, this is how
The farmer says, there's lots to do, Yeehar!
The rooster says cockadoodledoo!

The tractor goes brum, brum, brum

The dog says woof, woof, woof

The cow says Moo ooo

The rooster says cockadoodledoo!

Cock a doodle doo, Cock a doodle doo,

Cock a doodle doo doo doo

When the sun goes down, it's time for bed
In the morning collect the eggs
The farmer says, there's lots to do, Yeehar!
The rooster says cockadoodledoo!

The sheep says baa, baa, baa

The duck says quack, quack, quack

The tractor goes brum, brum, brum

The dog says woof, woof, woof

The cow says Moo ooo

The farmer says there's lots to do!

Cock a doodle doo, cock a doodle doo

Cock a doodle doo doo doo

Cock a doodle doo, cock a doodle doo

All the rooster says is Cock-a-doodle-doo!

COLOURFUL TREE HOUSE

We're gonna build a tree house, high up in the tree
And you can visit anytime, to see Cheeky Monkey & me
We're gonna build a tree house, paint it red, green, yellow and blue
We'll have a door that opens wide ,and a welcome mat for you.

Help us build a colourful tree house

It will be lots of fun

Bring your tools and follow along

Work together until it's done

First, we need the timber and cut it with a saw
We need to do a perfect job, Not too big and not too small
Next, we take our hammer and hit the nails in tight
A tap, tap, tap, tap to the left , A tap, tap, tap to the right

Help us build a colourful tree house

It will be lots of fun

Bring your tools and follow along

Work together until it's done

Now it's time for colour , we have to stir the paint for lumps
Roll the paint up and down , even over the bump, bump, bumps!
Time to climb the ladder, careful everyone
1, 2, 3, 4, 5, Wow! Our work is done

Look we made a colourful tree house

High up in the tree

You can visit anytime

To see Cheeky Monkey & me

Look we made a colourful tree house

High up in the tree

You can visit anytime

To see Cheeky Monkey & me

COLOURS OF A RAINBOW (LULLABY)

Colours of a rainbow
So it's been told
At the end of a rainbow
You'll find a pot of gold

Rainbows appear at
A magical time when
Small tiny raindrops
Dance in sunshine

**Red, green, yellow and blue
Orange, pink and purple too
If you're lucky you will find
Beautiful colours high in the sky
Colours of a rainbow**

Red, Red
Green, Green
Yellow, Yellow
Blue, Blue
Orange, Orange
Pink, Pink
And Purple too

**Red, green, yellow and blue
Orange, pink and purple too
If you're lucky you will find
Beautiful colours high in the sky
Colours of a rainbow**

Colours of a rainbow
So it's been told
At the end of a rainbow
You'll find a pot of gold
If you're lucky you'll find
A rainbow one day
Make a wish float your worries
Your worries away
Make a wish float your worries
Your worries away

MYSTERIES UNDER THE SEA

Magical mysteries under the sea
A magical land for you and me
Creatures that swim around down under
The water so full of magical wonder

Colourful fish big and small
Swimming to school to learn more
Colourful fish big and small
Swimming to school to learn more

Uh oh! Sharks, who just might
Open wide and take a bite

Open wide and take a bite

Seaweed likes to sway while the animals play

Magical mysteries under the sea
A magical land for you and me
Creatures that swim around down under
The water so full of magical wonder

Crabs do a dance, side to side
Over the sand, stop! and hide
Crabs do a dance, side to side
Over the sand, stop! and hide

Watch the dolphins as they play
Riding the waves on a sunny day
